

Real Estate —
Projects are our world

THOST.
PROJEKTMANAGEMENT

THOST Projektmanagement GmbH is one of the leading companies in project management with approximately 700 employees at 23 sites worldwide.

For over 35 years, the Pforzheim family business has coordinated and managed the development, planning and realization of complex projects in the real estate, infrastructure, industrial and energy sectors. These include office and campus projects, working environments, laboratories, research projects, residential construction, hotels, logistics and trade, production, commercial construction, computer centres. Our customers include domestic and international clients from industry, trade commerce and the public sector.
