Who we are

As an ambitious, well-known and reliable asset manager and a leading institutional real estate asset manager, we have a local presence with many locations in Europe.

Our investment philosophy has been based on long-term value preservation for more than 165 years. This has enabled us to create an active, risk-aware culture whereby we protect and expand the assets of our insurance clients and investors and support them in achieving their long-term investment objectives and acting with self-determination.

We have a proven and long-standing investment approach in the area of bonds, equities and multi-asset investments. For us, responsible investment is a strong foundation for our business activities and, not least, an integral part of our fiduciary duty.
